

What is a PAC?

Walgreens

Voluntary Contributions

The Walgreens Political Action Committee (WalgreensPAC) is an employee-led effort to support political candidates who are **pro-business, pro-retail,** and **pro-pharmacy**. WalgreensPAC makes a difference by helping to elect well-informed candidates regardless of their political party, and we do so in a way that is legal, transparent, and voluntary.

Support Candidates

Decisions are made in Washington, D.C. and state capitals across the country that have significant effects on **our colleagues, our customers, our patients,** and **our communities**. Walgreens as a company cannot directly fund candidates for federal office, but eligible team members can band together to have their voices heard.

Empower Team Members

WalgreensPAC empowers team members to **actively engage** in the political process. Every dollar that you contribute goes **directly to electing political candidates** who understand our issues.

Why Should I Support Walgreens PAC?

Send a Message

Participation in the political process is critical. Elected officials make decisions that directly impact both our business and our ability to care for our customers and patients, and WalgreensPAC allows team members to **send a strong, unified message** on the issues that matter most.

Make Us Stronger

While our fundraising continues to improve, it is also important to know that many of our competitors have better-funded PACs that give them a strategic advantage with decisionmakers. This is why we need your support to help us grow a stronger WalgreensPAC, giving us more opportunities to **support those lawmakers** who champion our priorities.

Benefits of Membership

In addition to actively engaging with fellow team members in the political process, WalgreensPAC offers members regular **political update newsletters**, invitations to **exclusive networking events**, and the opportunity to **meet lawmakers from across the country**.
